SELEMIN B LIQUID

Vitamin-E and Selenium Fortified with Biotin Liquid

Speciality liquid feed supplement
with synergistic

COMPOSITION

Each litre contains :

Vitamin E	25000 mg
Biotin	1000 mg
Selenium	2000 mg

DESCRIPTION

SELEMIN B LIQUID is a scientifically formulated supplement combining **Vitamin E**, **Selenium**, and **Biotin** to enhance productivity, immunity, and reproductive health in poultry and livestock.

- **Vitamin E** acts as a powerful antioxidant, maintaining vascular integrity and muscle function.
- **Selenium** is an essential trace element that works with Vitamin E to combat oxidative stress and boost immunity by supporting **glutathione peroxidase (GSHPx)** activity.
- **Biotin** plays a critical role in nutrient metabolism and energy production. Together, these components work **synergistically** to improve health outcomes, especially under stress, during breeding, or in performance animals.

INDICATIONS

- Maintains **muscle strength and stamina** in racing camels
- Prevents **white muscle disease** in sheep & goats
- Prevents **cardiac and skeletal muscle dystrophy** in calves and camels
- Boosts **immune function and disease resistance**
- Improves **fertility, hatchability, and antibody titres**
- Supports **leg strength, growth, and overall metabolic function**
- Aids recovery in cases of **encephalomalacia** and **exudative diathesis** in poultry

DOSAGE & ADMINISTRATION
